Placement Overview

The changing corporate environment has brought into focus new perspectives of law as a career. Today, law provides multiple options to the students in corporate houses, law firms, NGOs, courts (litigation) and regulatory bodies. The corporate world has its measurable share in the recruitment of law graduates. The expectations of the corporate world are very high and keeping this in mind the Placement Cell was formed to bridge the gap between the students and the corporate world. Jitendra Chauhan College of Law has a Placement Cell comprising the placement executive, the trainer, the faculty and student coordinators. The Placement Cell helps in providing opportunities for part time and

full-time jobs in reputed organizations to eligible students. In the past, some of the renowned business houses and law firms have recruited students from campus. In addition to final placements, the college actively encourages students to take up internships during summer and winter break with regulatory bodies, corporates and law firms.

The Training and Placement Cell of Jitendra Chauhan College of Law handles campus placements and internship for LL.B. graduating students. It organizes pre-placement talks, written tests, interviews and group discussions and moot court events that help students to grow and gather practical knowledge. It also provides opportunities for part time and full-time jobs in reputed organizations.

The prime objective of the training and placement cell is to confirm internships and placements under reputed firms/organizations and help the students, acquire theoretical and practical knowledge simultaneously.

This institution invites companies/firms to the campus to interact with students in an open and friendly environment, thereby facilitating better student engagement, allowing their initiation into the corporate world with greater clarity of purpose.

Objectives

- To organize campus interviews for final year students with industries, law firms, organizations.
- To prepare students to face campus interviews by arranging training, personal interviews, group discussions through professional trainers.
- To provide requisite training to students in soft skills.

Internships

Internship is an integral part of the curriculum for LL.B. students. It is a great learning platform for our students and goes a long way in shaping the learning obtained in the classroom. This experience is of immense use in familiarizing students with the working of the law firm/ corporate houses.

The internship is available for all three years; duration is from 4 to 6 weeks. It is not only a window to the corporate world, but also a relationship-building tool for Jitendra Chauhan College of Law. It allows the firms to judge the talent of our students, thereby strengthening the possibility of final placements.

Soft Skills Training

At Jitendra Chauhan College of Law, emphasis is placed on the holistic development of students, thereby helping them to gain the necessary skills for their professional career. The soft skills training provided to students assist them in identifying and achieving their personal potential.
